

Pre Algebra Review Clipboard

- 1. Addition** – Sum, Plus, And, Increased By, Total, All Together
- 2. Subtraction** – Difference, Decreased By, Less, Minus, Take Away, Less Than
- 3. Multiplication** – Product, Times, Doubled
- 4. Division** – Quotient, Fraction Bar
- 5. GCF** – greatest common factor
- 6. LCD** – least common denominator
- 7. Evaluate** – To find the value of an algebraic expression by substituting a given number for each variable and simplifying
- 8. Simplify** – To change an expression to an equivalent expression with fewer terms
- 9. Solve** – Find the number that the variable represents in an equation; a number answer
- 10. Fraction** – a number that compares a part to a whole
- 11. Numerator** -- the top “part” of a fraction
- 12. Denominator** -- the bottom number in a fraction; the whole
- 13. Equivalent fractions** – fractions that are equal in value.
- 14. Simplest terms** -- a fraction whose numerator and denominator have no common factor greater than 1.
- 15. Improper fraction** -- a fraction where the numerator is larger than the denominator.
- 16. Mixed number** -- A number with an integer part and a fraction part.
- 17. Decimal** -- a number written using base ten.
